### ITEM 10

No craft exceeding 38 feet in length will be hauled out. Craft over 36 feet but not exceeding 38 feet in length will only be hauled out provided the General Committee are of the opinion that the craft has sufficiently high overhangs at the bow and stern so as not to impede pedestrian traffic. No craft will be brought onto or leave Club premises at times other than those covered by the normal launching or haul out arrangements, without the prior consent of the General Committee.

This rule does not apply to dinghies, or small craft normally regarded as tenders, and for the purpose of definition, craft under 12 feet in length will therefore be excluded. A General Committee ruling will be final in the case of exceptional circumstances.
